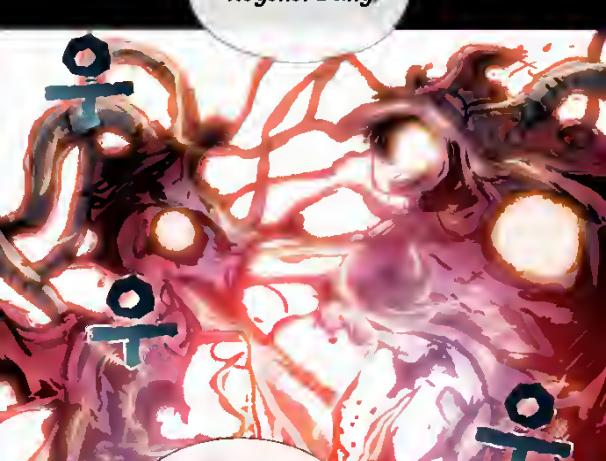
When you become a doll...

You gain immense strength and an unimaginable regenerative ability to heal any wound instantly.

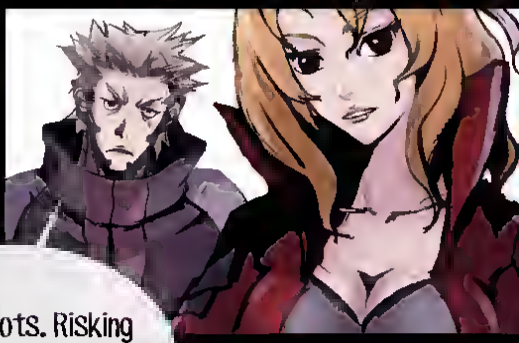
Without any personality, regenerating until the end of its life.

Regenerating.



and *regenerating.*

That regenerative ability was likely what criminals were after.



They're idiots. Risking their lives for a less than 1% chance...

Though he's lost his humanity but gained the regenerative skill should we say it's at least half successful? Kekeke.

But because of that regenerative ability, it will take more than normal strength to kill the doll.
And among all the dolls, the one with the most strength and regenerative ability...

IS A DOLL MADE FROM
THE RED CRYSTAL.

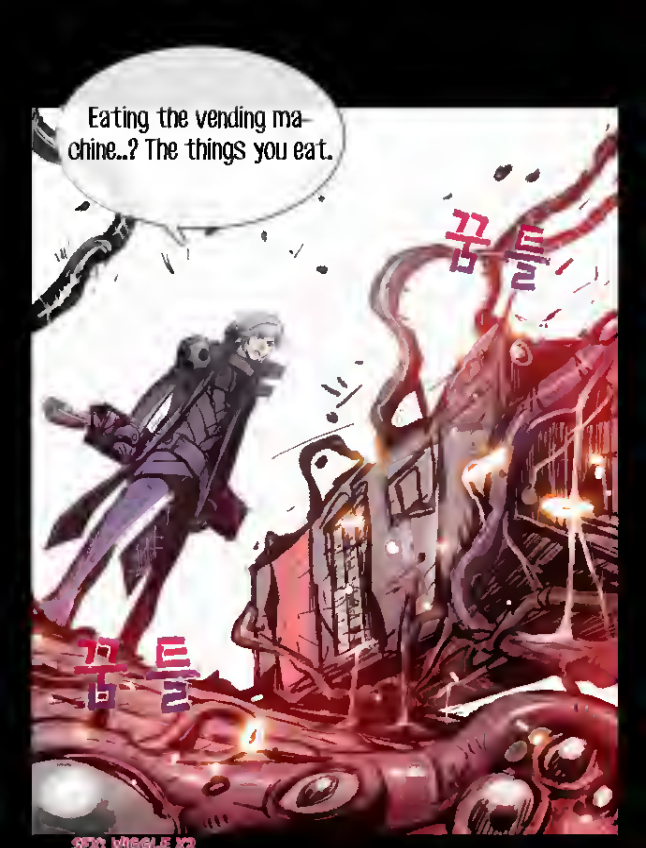
Damn it! I should have known when they said they'll give me twice the commission price.
The Red Crystal is the hardest to get rid of...
It's impossible with just the neutralization shots... In this case only the DEATH PHASE* can take this thing out..

TS/N: Previously "Samulki"

Tsk! I wonder if my arm can take it.

PART 04. Red Crystal(붉은 크리스탈)

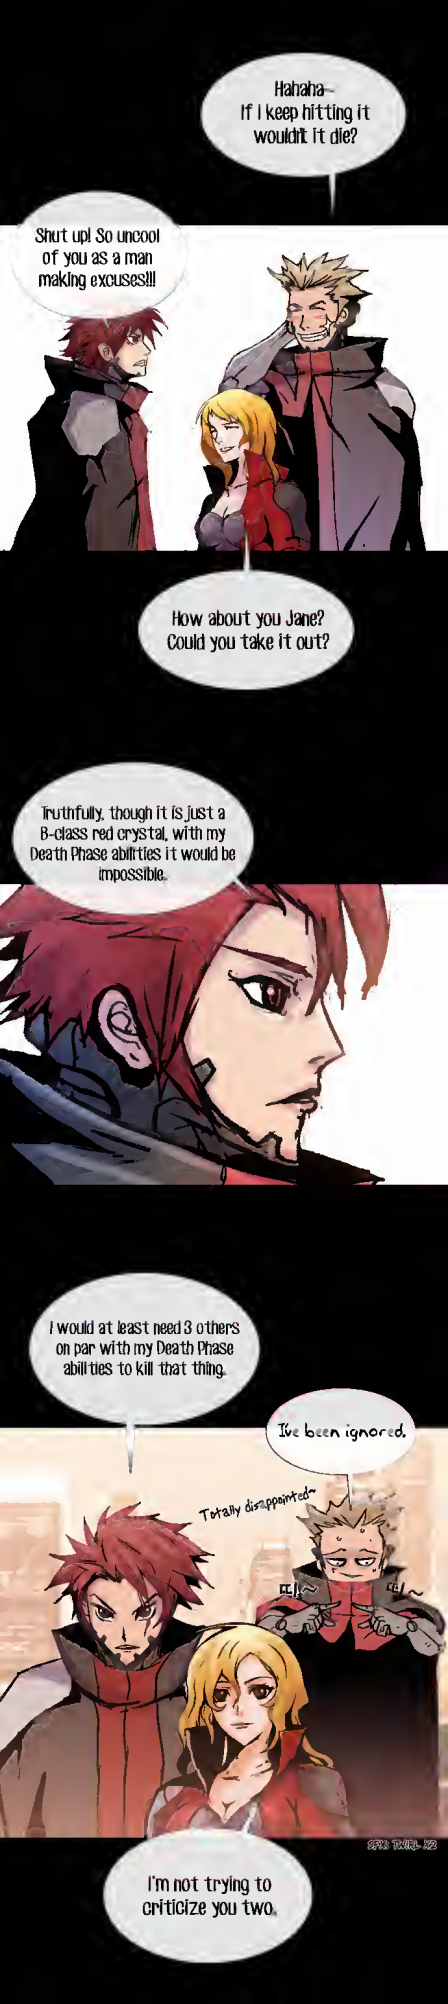
MADE BY.최윤열



By chance, those that mercenary have the "*ability*" the leader is looking for?

Mark. Do you think you could take out that red doll?

I guess I could kill it...
But it's really big...
And it's red which is scary...
And I like to fight but...
Mumble Mumble...



Hahaha~
If I keep hitting it
wouldn't it die?
Shut up! So uncool
of you as a man
making excuses!!!
How about you Jane?
Could you take it out?
Truthfully, though it is just a
B-class red crystal, with my
Death Phase abilities it would be
impossible.
I would at least need 3 others
on par with my Death Phase
abilities to kill that thing.
I've been ignored.
Totally disappointed~
I'm not trying to
criticize you two.

Analyzing from the first criminal, it seems he didn't regenerate.

No, *couldn't* regenerate would be more accurate.

If my speculation is correct, he...

Their fight is about to start.
You two get ready in case my speculations are wrong.
Roger!

Please p..ic..k...

After eating all that shit and regenerating,
You end up as a *walking crystal vending machine*...

You want to take it to the end.

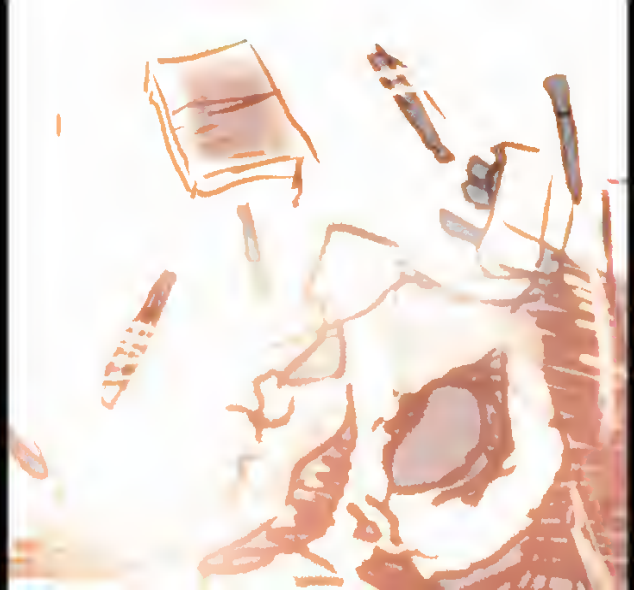
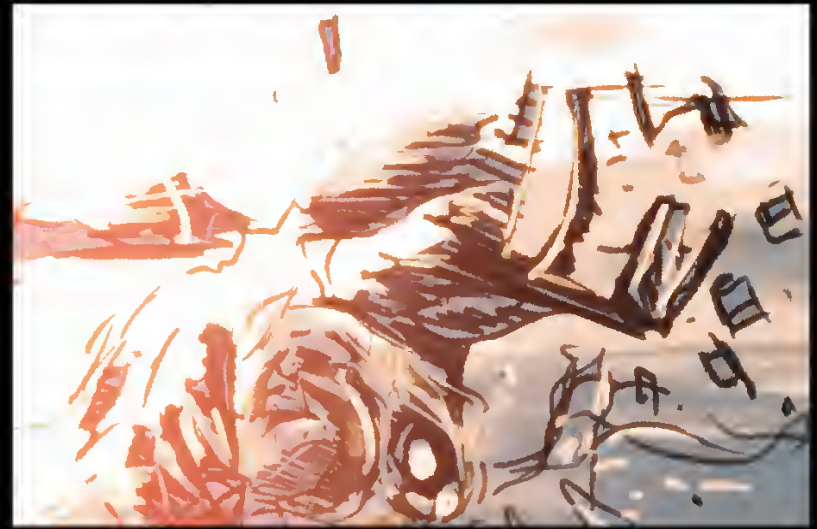
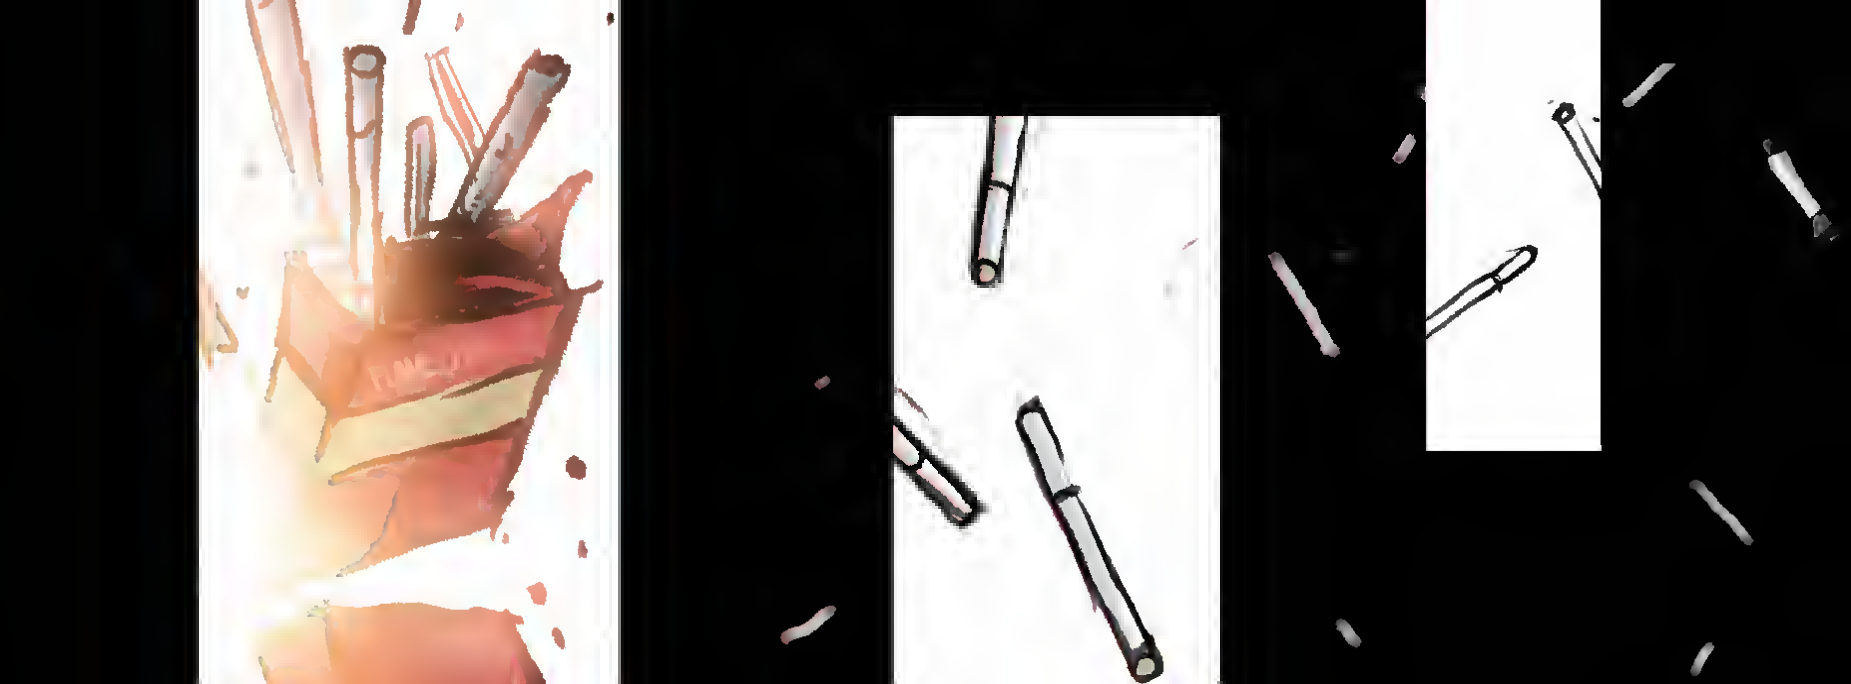
A carrier of the "ANTI-VIRUS"!







You two return to head-quarters. I'm going to see Mr. Mercenary first.

Sara. It's finished. Let the Doll removal team know.
They're nearby so I think they'll go to you soon
It's impossible to hunt with that arm so return first
Understood.

Coughing up the cigarettes before dying, that vending machine bastard at least had a conscience.

Since its dust I wonder if it'll be absorbed into the crystal...

Man, its inconvenient even without that junk arm..

We meet again.

Do team leaders take part in the collection process nowadays?
Your name...?
You finally ask for my name.

Gryphon's "Doll Removal" team, Team leader.

Marida. Marida Jin.

I have a request to make of you.
